What do you include in a brochure?

Here are a couple of ideas...

This spot would be perfect for a mission statement. You might use the right side of the page to summarize how you stand out from the crowd and use the center for a brief success story.

(And be sure to pick photos that show off what your company does best. Pictures should always dress to impress.)

Think a document that looks this good has to be difficult to format?

Think again! We've created styles that let you match the formatting in this brochure with just a click. On the Home tab of the ribbon, check out the Styles gallery.

"Don't be shy! Show them how fabulous you are! This is a great spot for a glowing testimonial."

Have company-branded colors or fonts?

Our Products and Services

You could include a bulleted list of products, services, or major benefits of working with your company. Or just summarize your finer points in a few concise paragraphs.

We know you could go on for hours about how great your business is. (And we don't blame you — you're amazing!) Just remember that this is marketing — if you want to grab their attention, keep it brief, friendly, and readable.
